

City of Springfield Irrigation Meter Request Form

Date of Request: _____

Current Water Act. No.: _____

Person Making Request: _____

Name Current Water Act is in: _____

Service Install Address: _____

Contact Phone No.: _____

Once meter is installed it is the customer's responsibility to have the irrigation service connected to the meter. The new irrigation meter service will be added to your existing water/sewer account and you will be billed monthly based on water usage (*no sewer will be charged*). One bill will be sent out monthly that will include the water/sewer service charges for your home and the water service charge for irrigation. Billing will continue year-round regardless of usage. If no water is used that month you will be billed a base rate.

I have read and understand the terms of the irrigation meter install and wish to have this service added.
