## NOTES

**Revenue:** Water/Sewer Impact Fees are drastically lower, as development will be forced to slow until capacity issues are resolved.

**Expenditure:** 84-WWTP includes 1/3 of the T&H anticipated engineering cost ~930k for the first year. Some or all of this expense could be wrapped into our WWTP Upgrade Bond. That bond is not yet factored into the budget, and therefore engineering is being showed as out of pocket.

**Fund Balance:** The 2023 Unrestricted Funds totaled \$6,222,188 and we anticipate an increase in these funds in 2024. There are sufficient unrestricted funds to support the revenue shortage in 2025.
